In computing these ratios contract employment serving the establishment is excluded. The cost of contract work in 1963 amounted to 147 percent of payroll for the Crude Petroleum and Natural Gas Industry, to 142 percent for the Crude Petroleum Subindustry, and to 182 percent for the Natural Gas Subindustry. Nonresale establishments with zero or negative value added; establishments with no employees; and for number of employees and payroll, includes figures for separately reported central offices and related facilities.
